Sir Robert Falconer,
University of Toronto,
Toronto, Ont.

Dear Sir:-

I am a Fourth
Year Student at the
University of Toronto and
in the Spring Examinations

I am not working on a
patent and would like to
be relieved of the Italian
Examination, as the Italian
will be all that I could
manage for the Fall, and
as I obtained the required
Judicial mark, I thought-

I was stunned in
the latter, I obtained
the required pass at the
first examination but
wanting to a few then
made it that subject; I
am required to pass a
supplemental examination before the
granting of my degree.

Miss R. M. Hood,

Shelburne, Ont.

Dear Miss Hood:

I have made inquiries with regard to the request of your letter in which you ask to be relieved of the supplemental examination in Italian. I find, however, that your case was gone into carefully, and that the facts that you mention to me have been taken into account, and that the Revising Committee recommended against granting the petition. In these circumstances I feel that it would be useless for me to bring your case forward again as the decision rests not with me but with the Committee of which I am not even a member, and when they have once come to a decision there is no likelihood of a change unless new information has been brought forward. I regret that you were unfortunate this spring, but I hope you will be successful in the autumn.

Yours sincerely,

President.
